

Cell Type Composition Comparison: Spleen vs Bone Marrow

Consistent colors across tissues show cell type identity

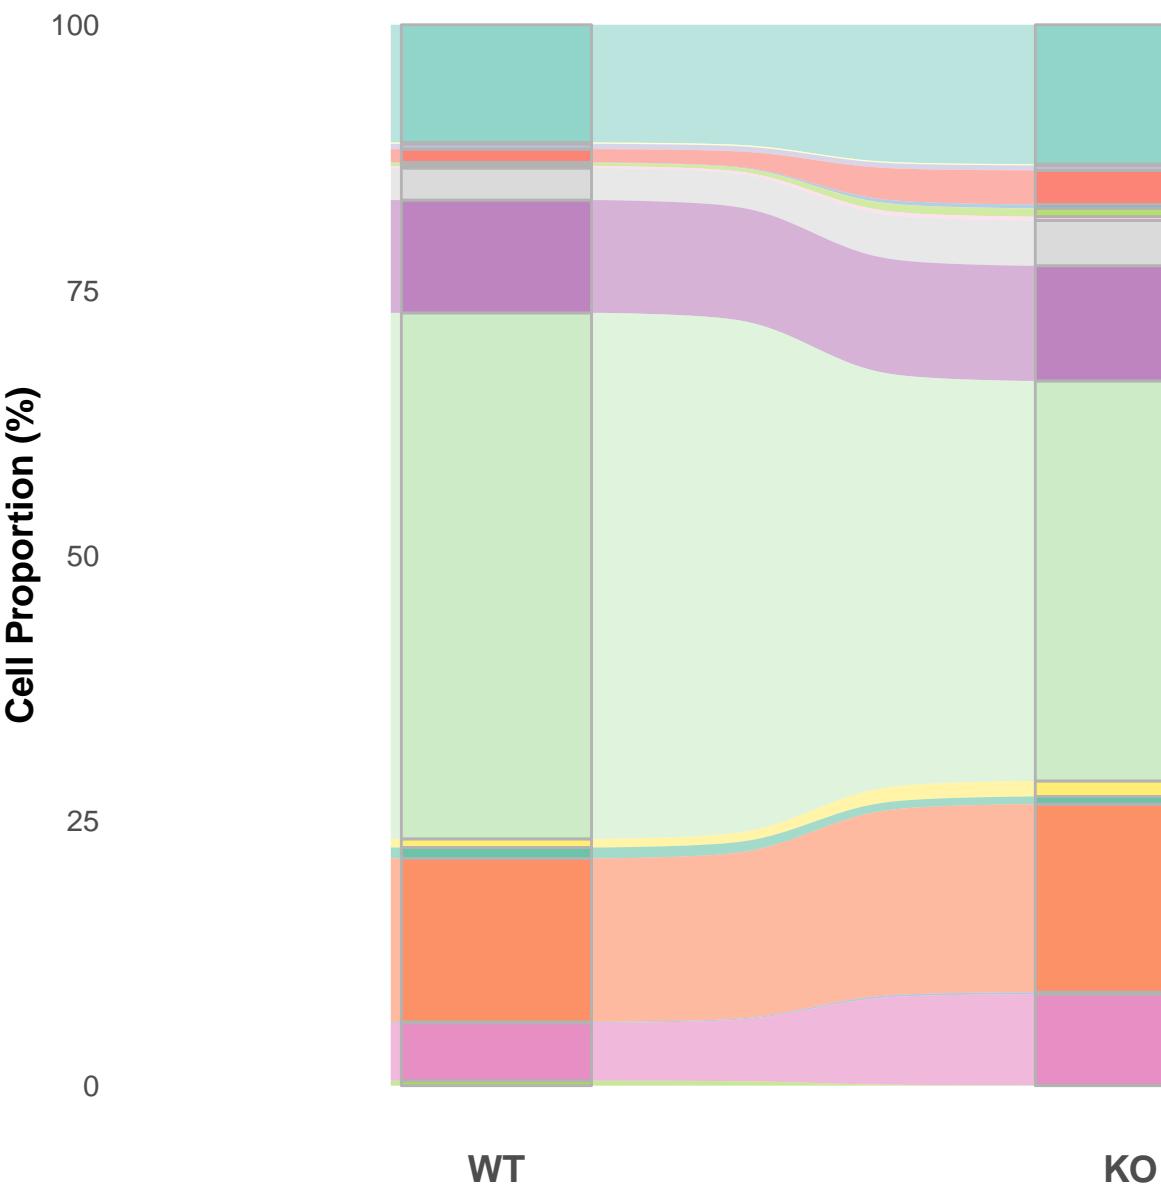

Spleen – Cell Type Composition Flow

WT → KO

Bone Marrow – Cell Type Composition Flow

WT → KO

Cell Type

B cells
B cells, pro
Basophils
DC
Eosinophils
ILC
Macrophages
Monocytes
Neutrophils
NK cells
NKT
Stem cells
T cells
Tgd

Cell Type

B cells
